***Allowable Subject Matter***

1. After a further search and a thorough examination of the present application and in light of the Applicant's arguments and in light of the prior art made of record, claim 1-15 and 17-18 are found to be in condition for allowance.

***Reasons for Allowance***

2. The following is an Examiner's statement of reasons for the indication of allowable subject matter:

The claims are allowable over the prior art of record since the cited reference taken individually or in combination fails to particularly disclose an image processing apparatus comprising a three-dimensional processing means for combining image data that have been reduced by a reduction calculation means so as to prepare a three-dimensional image data, a switching means for switching and selecting which one of the three-dimensional image data and two-dimensional image data prepared by using one of a plurality of input image data should be outputted.

It is noted that the closest prior art of record (Kurahashi et al. US Patent no. 5937,212) teaches a similar image processing, however, Kurahashi fails to particularly teach or suggest *“three-dimensional processing means for combining image data that have been reduced by a reduction calculation means so as to prepare a three-dimensional image data, a switching means for switching and selecting which one of the three-dimensional image data*

*and two-dimensional image data prepared by using one of a plurality of input image data should be outputted.” as specified in the claim.*

### **Conclusion**

3. Any comments considered necessary by applicant must be submitted no later than the payment of issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submission should be clearly labeled “Comments on Statement of Reasons for Allowance”.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gims S. Philippe whose telephone number is (571) 272-7336. The examiner can normally be reached on M-F (10:30-7:00).
